

*The Farley Center
at
Williamsburg Place*

**Mindy Armstrong, RNBC, MSN, CARN
Chief Nursing Officer**

With over 25 years of Addiction & Psychiatric Nursing, Mindy provides nursing leadership for all nurses treating both addiction and psychiatric patients on the campus of Williamsburg Place.

Her extensive background in addiction treatment is most notable as the Medical and Wellness Supervisor for Crossroads Centre Antigua West Indies, an international residential treatment center specializing in the treatment of substance abuse disorders. She provided medical and nursing supervision to staff, ongoing nursing education related to evidence based practice for addiction medicine/nursing and assisted nursing staff in obtaining Addiction Registered Nursing Certification (CARN).

In addition to her experience in addiction treatment, Mindy has worked in psychiatric nursing with the chronically mentally ill at St. Mary's Regional Medical Center in Maine, managed daily operations and resources at the Sutter Center for Psychiatry Crisis Intake Services Department and implemented and supervised the Admissions Nurse Assessment Department at the Sutter Center for Psychiatry in Sacramento, California.
